INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and
Members of the Township Council
Township of Pemberton
County of Burlington
Pemberton, New Jersey 08068

We have audited the accompanying statements of assets, liabilities, reserves and fund balance—regulatory basis of the various funds of the Township of Pemberton, in the County of Burlington, State of New Jersey as of December 31 2002 and 2001, and the related statements of operations and changes in fund balance—regulatory basis for the years then ended, and the related statement of revenues—regulatory basis, statement of expenditures—regulatory basis, and statement of general fixed assets group of accounts for the year ended December 31 2002. These financial statements are the responsibility of the Township's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The financial statements previously referred to have been prepared in conformity with accounting practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Accordingly, the financial statements do not represent financial position and results of operations in conformity with accounting principles generally accepted in the United States of America. The more significant of these practices are described in Note 1 to the financial statements.

In our opinion, because of the requirement that the Township prepare its financial statements on the basis of accounting discussed in the preceding paragraph, the financial statements referred to above do not present fairly the financial position of the Township of Pemberton, in the County of Burlington, State of New Jersey, as of December 31 2002 and 2001, or the results of its operations and changes in fund balance for the years then ended in conformity with accounting principles generally accepted in the United States of America.

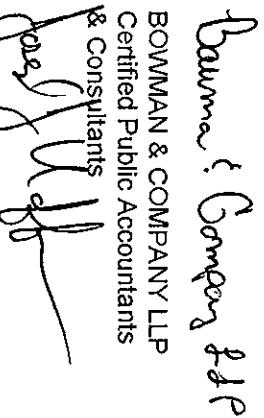

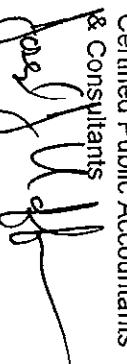

Furthermore, in our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, reserves and fund balance— regulatory basis of the various funds of the Township of Pemberton, in the County of Burlington, State of New Jersey, as of December 31, 2002 and 2001, and the results of its operations and changes in fund balance of such funds for the years then ended, and the revenues—regulatory basis, expenditures— regulatory basis of the various funds, and general fixed assets, for the year ended December 31, 2002 in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

In accordance with Government Auditing Standards, we have also issued our report dated May 12, 2003 on our consideration of the Township of Pemberton, in the County of Burlington, State of New Jersey's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

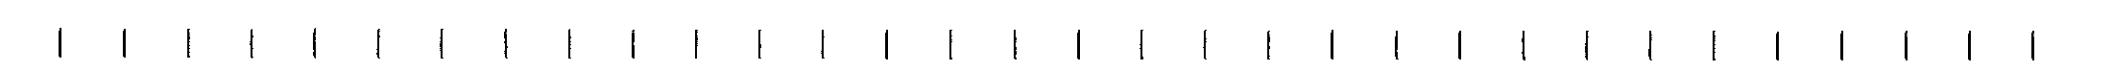

The accompanying schedule of expenditures of state financial assistance programs is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and State of New Jersey Circular 98-07-OMB, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, and is not a required part of the financial statements. In addition, the supplementary financial statements presented for the various funds are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements of each of the respective individual funds and account group taken as a whole.

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

The Honorable Mayor and
Members of the Township Council
Township of Pemberton
County of Burlington
Pemberton, New Jersey 08068

We have audited the financial statements (regulatory basis) of the Township of Pemberton, in the County of Burlington, State of New Jersey, as of and for the year ended December 31, 2002, and have issued our report thereon dated May 12, 2003, which indicated that the financial statements were not prepared in accordance with accounting principles generally accepted in the United States of America but were prepared on an other comprehensive basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and in compliance with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Compliance

As part of obtaining reasonable assurance about whether the Township of Pemberton's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance that are required to be reported under Government Auditing Standards and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs which are described in the accompanying Schedule of Findings and Questioned Costs as findings numbers 2002-1 and 2002-2.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Township of Pemberton's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the Township's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in the accompanying Schedule of Findings and Questioned Costs as findings numbers 2002-2 and 2002-3.

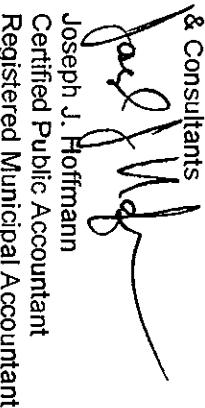

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe none of the reportable conditions described above is a material weakness.

This report is intended solely for the information and use of the management of the Township, the Division of Local Government Services, Department of Community Affairs, and federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

TOWNSHIP OF PEMBERTON
Notes to Financial Statements
For the Year Ended December 31, 2002

Note 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Description of Financial Reporting Entity - The Township, located in the eastern portion of Burlington County ("County"), has evolved from an early seasonal resort and agricultural community into a year round residential community. Lebanon State Forest, containing 30,000 acres of numerous types of oak and pine trees, is partially located in the Township. With a land area of 65 square miles, the Township is the fourth largest municipality in the County. The present population according to the 2000 census is 28,691.

The Township is governed by an elected council ("Council") consisting of 5 members which serve for concurrent 4 year terms and a separately elected mayor who serves a 4 year term. The Mayor-Council form of government is provided for under the Faulkner Act. The Mayor is not a member of the governing body, but serves as the chief executive officer. The functions of the Council, as the governing body, are legislative.

Administrative responsibilities are assigned to the Township Administrator. The Council establishes policy. The Administrator is responsible for the day-to-day operations of the Township and implementing and administering policy.

Component Units - The financial statements of the component units of the Township of Pemberton are not presented in accordance with Governmental Accounting Standards Board Statement No. 14. If the provisions of GASBS No. 14 had been complied with, the financial statements of the following component unit would have been either blended or discretely presented with the financial statements of the Township, the primary government:

Pemberton Municipal Utilities Authority
131 Fort Dix Road
Pemberton, New Jersey 08068

Annual financial reports may be inspected directly at the offices of these component units during regular business hours.

Basis of Accounting, Measurement Focus and Basis of Presentation - The financial statements of the Township of Pemberton contain all funds and account groups in accordance with the "Requirements of Audit" as promulgated by the State of New Jersey, Department of Community Affairs, Division of Local Government Services. The principles and practices established by the Requirements of Audit are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Generally, the financial statements are presented using the flow of current financial resources measurement focus and modified accrual basis of accounting with minor exceptions as mandated by these "Requirements". In addition, the prescribed accounting principles previously referred to differ in certain respects from accounting principles generally accepted in the United States of America applicable to local government units. The more significant differences are explained in this Note.

In accordance with the "Requirements", the Township of Pemberton accounts for its financial transactions through the use of separate funds which are described as follows:

Current Fund - The Current Fund accounts for resources and expenditures for governmental operations of a general nature, including Federal and State grant funds.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Trust Funds - The various Trust Funds account for receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - The General Capital Fund accounts for receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

Water Utility Operating and Capital Funds - The Water Utility Operating and Capital Funds account for the operations and acquisition of capital facilities of the municipally owned Water Utility.

Sewer Utility Operating and Capital Funds - The Sewer Utility Operating and Capital Funds account for annual lease payments received from the Pemberton Municipal Utilities Authority and annual debt payments made for financing the acquisition and improvements made to the Sewer system, and any associated costs. Operations are handled by the Municipal Utilities Authority (See Note 17).

Public Assistance Fund - The Public Assistance Fund accounts for receipt and disbursement of funds that provide assistance to certain residents of the Township pursuant to Title 44 of New Jersey statutes. On December 31, 2001, the governing body resolved to transfer all public assistance activities to the County of Burlington effective December 31, 2001.

Budgets and Budgetary Accounting - The Township of Pemberton must adopt an annual budget for its current, water and sewer utility funds in accordance with N.J.S.A. 40A:4 et seq. N.J.S.A. 40A:4-5 requires the governing body to introduce and approve the annual municipal budget no later than February 10 of each year. At introduction, the Governing body shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulating in the municipality. The public hearing must not be held less than twenty-eight days after the date the budget was introduced. After the hearing has been held, the governing body may, by majority vote, adopt the budget or may amend the budget in accordance with N.J.S.A. 40A:4-9. Amendments to adopted budgets, if any, are detailed in the statements of revenues and expenditures.

An extension of the statutory dates for introduction, approval and adoption of the municipal budget may be granted by the Director of the Division of Local Government Services, with the permission of Local Finance Board.

Budgets are adopted on the same basis of accounting utilized for the preparation of the Township's financial statements.

Cash, Cash Equivalents and Investments - Cash and cash equivalents include petty cash, change funds and cash on deposit with public depositories. All certificates of deposit are recorded as cash regardless of the date of maturity. Investments are stated at cost. Consequently, unrealized gain or loss on investments has not been recorded in accordance with Governmental Accounting Standards Board Statement No. 31.

New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of investments which may be purchased by New Jersey municipal units.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Cash, Cash Equivalents and Investments (Cont'd)**

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in the State of New Jersey or state or federally chartered banks, savings banks or associations located in another state with a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

The cash management plan adopted by the Township of Pemberton requires it to deposit funds in public depositories protected from loss under the provisions of the Act.

Interfunds - Interfund receivables and payables that arise from transactions between funds are recorded by all funds affected by such transactions in the period in which the transaction is executed. Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Inventories of Supplies - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various statements of assets, liabilities, reserves and fund balance.

General Fixed Assets - Property and equipment purchased by the Current Fund and the General Capital Fund are recorded as expenditures at the time of purchase and are not capitalized. All interest costs are recorded as expenditures when paid.

Accounting for Governmental Fixed Assets, as promulgated by Technical Accounting Directive No. 85-2 as issued by the Division of Local Government Services, differs in certain respects from accounting principles generally accepted in the United States of America. The following is a brief description of the provisions of the Directive.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

All fixed assets are valued at historical cost if actual historical cost is not available except for land which is valued at estimated market value. No depreciation on general fixed assets is recorded in the financial statements. Donated general fixed assets are valued at their estimated fair market value on the date received.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation. Fixed assets acquired through grants-in-aid or contributed capital have not been accounted for separately.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Utility Fixed Assets - Property and equipment purchased by a utility fund are recorded in the utility capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not represent replacement cost or current value. The Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital fund represent charges to operations for the cost of acquisition of property and equipment and improvements and contributed capital.

Foreclosed Property - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. Ordinarily it is the intention of the municipality to resell foreclosed property in order to recover all or a portion of the delinquent taxes or assessments and to return the property to a taxpaying basis. For this reason the value of foreclosed property has not been included in the General Fixed Assets Account Group. If such property is converted to a municipal use, it will be recorded in the General Fixed Assets Account Group.

Deferred Charges - The recognition of certain expenditures is deferred to future periods. These expenditures, or deferred charges, are generally overexpenditures of legally adopted budget appropriations or emergency appropriations made in accordance with N.J.S.A. 40A:4-46 et seq. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

Liens Sold for Other Governmental Units - Liens sold on behalf of other governmental units are not recorded on the records of the tax collector until such liens are collected. Upon their collection, such liens are recorded as a liability due to the governmental unit net of the costs of the initial sale. The related costs of sale are recognized as revenue when received.

Fund Balance - Fund Balances included in the current fund and utility operating funds represent amounts available for anticipation as revenue in future years budgets, with certain restrictions.

Revenues - Revenues are recorded when received in cash except for certain amounts, which are due from other governmental units. Revenue from Federal and State grants are realized when anticipated as such in the Township's budget. Receivables for property taxes are recorded with offsetting reserves on the statement of assets, liabilities, reserves and fund balance of the Township's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the Township which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received.

Property Tax Revenues - Property tax revenues are collected in quarterly installments due February 1, May 1, August 1, and November 1. The amount of tax levied includes not only the amount required in support of the Township's annual budget, but also the amounts required in support of the budgets of the County of Burlington and the Township of Pemberton School District. Unpaid property taxes are subject to tax sale in accordance with the statutes.

School Taxes - The municipality is responsible for levying, collecting and remitting school taxes for the Township of Pemberton School District. Operations is charged for the full amount required to be raised from taxation to operate the local school district for the period from January 1 to December 31.

County Taxes - The municipality is responsible for levying, collecting and remitting taxes for the County of Burlington. Operations is charged for the amount due the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10 of the current year. In addition, operations is charged for the County share of Added and Omitted Taxes certified to the County Board of Taxation by October 10 of the current year and due to be paid to the County by February 15 of the following year.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Reserve for Uncollected Taxes - The inclusion of the "Reserve for Uncollected Taxes" appropriation in the Township's annual budget protects the Township from taxes not paid currently. The Reserve, the minimum amount of which is determined on the percentage of collections experienced in the immediate preceding year, with certain exceptions, is required to provide assurance that cash collected in the current year will provide sufficient cash flow to meet expected obligations.

Expenditures - Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered through the issuance of a numerically controlled purchase order or when a contract is executed as required by Technical Accounting Directive No. 85-1. When an expenditure is paid, the amount encumbered is simultaneously liquidated in its original amount. Encumbrances are offset by an account entitled reserve for encumbrances. The reserve is classified as a cash liability under New Jersey municipal accounting. At December 31, this reserve represents the portion of appropriation reserves that has been encumbered and is subject to the same statutory provisions as appropriation reserves.

Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis; whereas interest on utility indebtedness is on the accrual basis.

Appropriation Reserves - Appropriation reserves covering unexpended appropriation balances are automatically created at year-end and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

Long-Term Debt - Long-Term Debt, relative to the acquisition of capital assets, is recorded as a liability in the General Capital and Utility Capital Funds. Where an improvement is a "local Improvement", i.e. assessable upon completion, long-term debt associated with that portion of the cost of the improvement to be funded by assessments is transferred to the Trust Fund upon the confirmation of the assessments or when the improvement is fully and permanently funded.

Compensated Absences and Postemployment Benefits - Compensated absences for vacation, sick leave and other compensated absences are recorded and provided for in the annual budget in the year in which they are paid, on a pay-as-you-go basis. Likewise, no accrual is made for postemployment benefits, if any, which are also funded on a pay-as-you-go basis.

Note 2: CASH

All bank deposits as of December 31, 2002 are classified as to credit risk by the three categories described below:

Category 1

Insured or collateralized with securities held by the Township or by its agent in the Township's name.

Category 2

Collateralized with securities held by the pledging public depository's trust department or agent in the Township's name.

Category 3

Uncollateralized, including any deposits that are collateralized with securities held by the pledging public depository, or by its trust department or agent but not in the Township's name.

Note 2: CASH (CONT'D)

At December 31, 2002, the Township's deposits are summarized as follows:

Note 9: PENSION PLANS

The Township of Pemberton contributes to two cost-sharing multiple-employer defined benefit pension plans, the Public Employees' Retirement System and the Police and Firemen's Retirement System, which are administered by the New Jersey Division of Pensions and Benefits. These plans provide retirement, death and disability, and medical benefits to qualified members. Vesting and benefit provisions are established by N.J.S.A. 43:15A and 43:3B for the PERS and N.J.S.A. 43:16A and 43:3B for the PFRS. Each plan has a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to:

State of New Jersey
 Division of Pensions and Benefits
 P.O. Box 295
 Trenton, New Jersey 08625-0295

Note 9: PENSION PLANS (CONT'D)

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 62, P.L. 1994, plan members enrolled in the Public Employees' Retirement System are required to contribute 5% of their annual covered salary. However, Chapter 415, P.L. 1999 provides for a reduction in this rate to 3% for calendar years 2000 and 2001 and for a contribution rate reduction of up to 2% of compensation in future calendar years if the State Treasurer determines that excess valuation assets will be used to reduce the normal contributions made to the system by the State and local employers in a fiscal year beginning immediately prior to a calendar year. Under this provision of the statute, the contribution rate for calendar years 2002 and 2003 has been established at 3%. In accordance with Chapter 204, P.L. 1989, plan members enrolled in the Police and Firemen's Retirement System are required to contribute 8.5% of their annual covered salary. The Township is billed annually for its normal contribution plus any accrued liability. The Township has an accrued liability on account of prior service costs for their enrolled employees. As of December 31, 2002, there was no accrued liability for the Police and Firemen's Retirement System. The 2002 installment of the accrued liability for the PFRS was fully funded by the Excess Asset Pension Credit. The 2002 annual installment of the accrued liability for the PERs in the amount of \$11,942.00 was also fully funded by the Excess Asset Pension Credit.

The Township's contributions to the various plans, equal to the required contributions, were as follows:

<u>Year</u>	<u>PERS</u>	<u>PFRS</u>
2002	\$11,129.00*	\$184,369.00 (A)

Note 10: COMPENSATED ABSENCES

Unused vacation time may be carried forward to the subsequent year for current year's vacation time only.

Salaried employees, designated in Ord. 16-1992, are entitled to unlimited sick days. Salaried employee may sell sick time back at 50% its value; however, employee must leave a minimum 120 hours.

Employees who are members of PBA - Superior Officers and AFSCME have 3 different sick time maximums, based off of employee's total sick time at January 1, 1999. If employee's total was under \$5,000.00 that maximum set at \$5,000.00. If employee's total was under \$10,000.00 and over \$5,000.00, maximum is set at the total at that time. If employee's total were over \$10,000.00, then maximum amount of sick time entitled to employee would be \$10,000.00. Sick time may be sold back at 50% its value; however, employee must leave a minimum of 120 hours.

Employees who are members of PBA are entitled to sell back 50% of accumulated sick time, not to exceed maximum of \$10,000.00 if hired before December 8, 2000 and \$5,000 if hired after December 8, 2000. Employee is required to maintain a minimum of 120 hours.

The Township does not record accrued expenses related to compensated absences. However, it is estimated that, at December 31, 2002, accrued benefits for compensated absences are valued at \$568,617.09.

Note 11: DEFERRED COMPENSATION SALARY ACCOUNT

The Township offers its employees a Deferred Compensation Plan in accordance with Internal Revenue Code Section 457 which has been approved by the Director of the Division of Local Government Services. The Plan, available to all full time employees at their option, permits employees to defer a portion of their salary to future years. The deferred compensation is not available to participants until termination, retirement, death or unforeseeable emergency.

Amounts deferred under Section 457 plans must be held in trust for the exclusive benefit of participating employees and not be accessible by the Township or its creditors.

Note 13: LEASE OBLIGATIONS

At December 31, 2002, the Township had operating lease agreements in effect for the following:

Photocopiers
Folding Machine
Postage Machine

Future minimum rental payments under operating lease agreements are as follows:

<u>Year</u>	<u>Amount</u>
2003	\$13,462.44
2004	12,757.44
2005	7,189.44
2006	2,975.84

Rental payments under operating leases for the year 2002 were \$15,577.44.

Note 14: POSTEMPLOYMENT BENEFITS

The Township currently pays medical, vision, dental and/or prescription benefits for thirteen retired employees. The Township accounts for and finances such expenses on a pay-as-you-go basis. The expense for this benefit for the year ended December 31, 2002 was \$59,946.08.

Note 15: NEW JERSEY UNEMPLOYMENT COMPENSATION INSURANCE

The Township has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Township is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Township is billed quarterly for amounts due to the State. The following is a summary of Township contributions, reimbursements to the State for benefits paid and the ending balance of the Township's trust fund for the current and previous year:

<u>Year</u>	<u>Township Contributions</u>	<u>Amount Reimbursed</u>	<u>Ending Balance</u>
2002	None	\$7,319.03	\$78,472.73
2001	20,500.00	6,174.09	77,435.96

Note 16: RISK MANAGEMENT

The Township has adopted a plan of self-insurance for auto liability, general liability and workers' compensation insurance and has established the Reserve for Self Insurance in the Trust Other Fund to account for and finance its related uninsured risks of loss up to \$100,000.00 per any one accident. Coverage for claims in excess of \$100,000.00 per any one accident is provided by the New Jersey Municipal Self Insurer's Fund. The Township pays the claims on a pay-as-you-go method. At December 31, 2002, the balance of the Reserve for Self Insurance was \$137,938.37, and the balance of estimated workers' compensation claims payable was \$166,958.67, the amount that the records of the administrator of the plan show as potential claims. Any additional funds required for claims in excess of the amounts reserved will be paid and charged to the 2003 or future budgets.

The Township also participates in a self-insured plan for the reimbursement to employees for approved medical and prescription claims. The claims are on an incurred method basis. The program is administered by a private third-party agency. Terms of the plan require the Township to pay an accumulated amount not to exceed \$50,000.00 of claims annually for each employee. Amounts in excess of \$50,000.00 are covered by a commercial insurance policy. The Township pays the claims on a pay-as-you-go method. At December 31, 2002, the balance of the Reserve for Employee Health Insurance was \$1,019.97, and the balance of estimated claims payable was \$298,046.16, the amount that the records of the administrator of the plan show as potential claims. Any additional funds required for claims in excess of the amounts reserved will be paid and charged to the 2003 or future budgets.

Note 17: LEASE PURCHASE – PEMBERTON TOWNSHIP MUNICIPAL UTILITIES AUTHORITY

In 1980, the Township acquired the assets of the Pemberton Township Municipal Utilities Authority. The purchase price was \$7,170,000.00. In addition to the acquisition, the Township and the existing Municipal Utilities Authority entered into a lease agreement whereby the Authority would operate the sewer utility and perform all the management and fiscal functions under certain conditions disclosed in an agreement between the two bodies. The amount of the annual lease payment to the Township will be equal to the annual debt payment for financing the acquisition, improvements made to the system, and any associated fees and costs. At the end of the indebtedness in year 2020, the assets and operation of the sewer system will be remitted by the Township to the Authority for a nominal value.

Note 18: DEFERRED CHARGES TO BE RAISED IN SUCCEEDING BUDGETS

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2002, the following deferred charge is shown on the statement of assets, liabilities, reserves and fund balance of the Sewer Utility Operating Fund:

<u>Balance</u> <u>Dec. 31, 2002</u>	<u>2003 Budget</u> <u>Appropriation</u>	
\$712.19	\$712.19	

Overexpenditure of Appropriation

The appropriation in the 2003 Budget as introduced is not less than that required by the statutes.

Note 19: LITIGATION

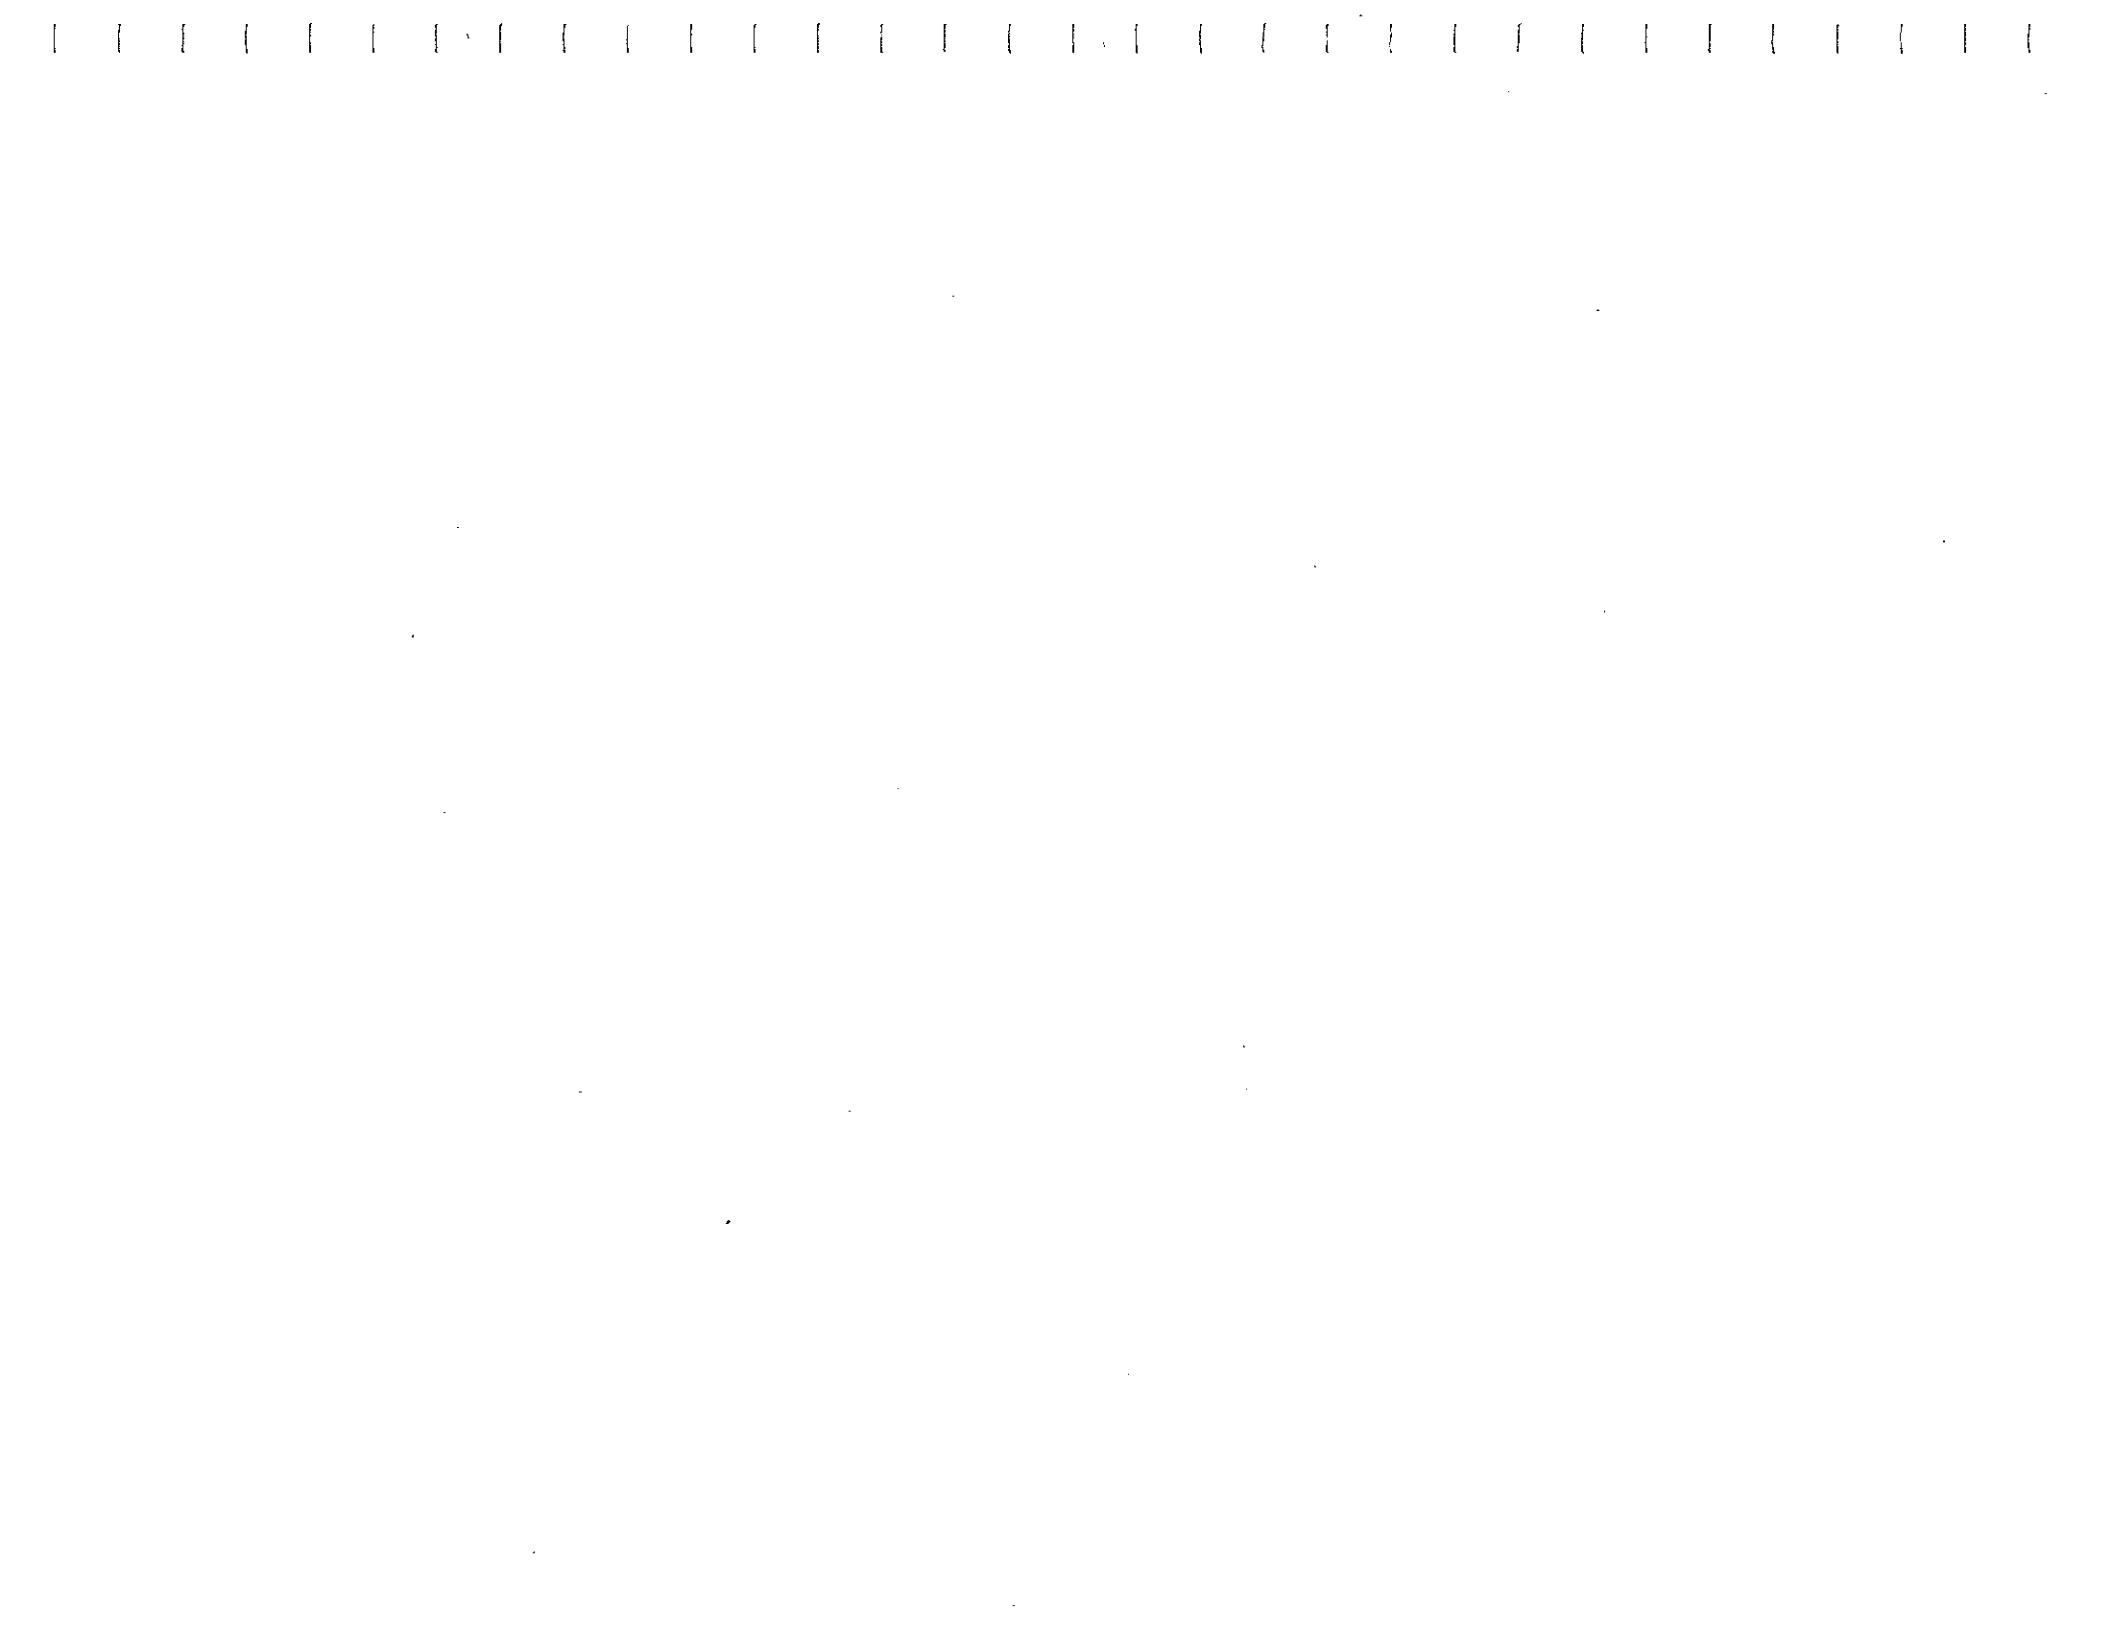

The Township is a defendant in several legal proceedings that are in various stages of litigation. It is believed that the outcome, or exposure to the Township, from such litigation is either unknown or potential losses, if any, would not be material to the financial statements.

Note 20: SUBSEQUENT EVENTS

Subsequent to December 31, the Township of Pemberton authorized additional Bonds and Notes as follows:

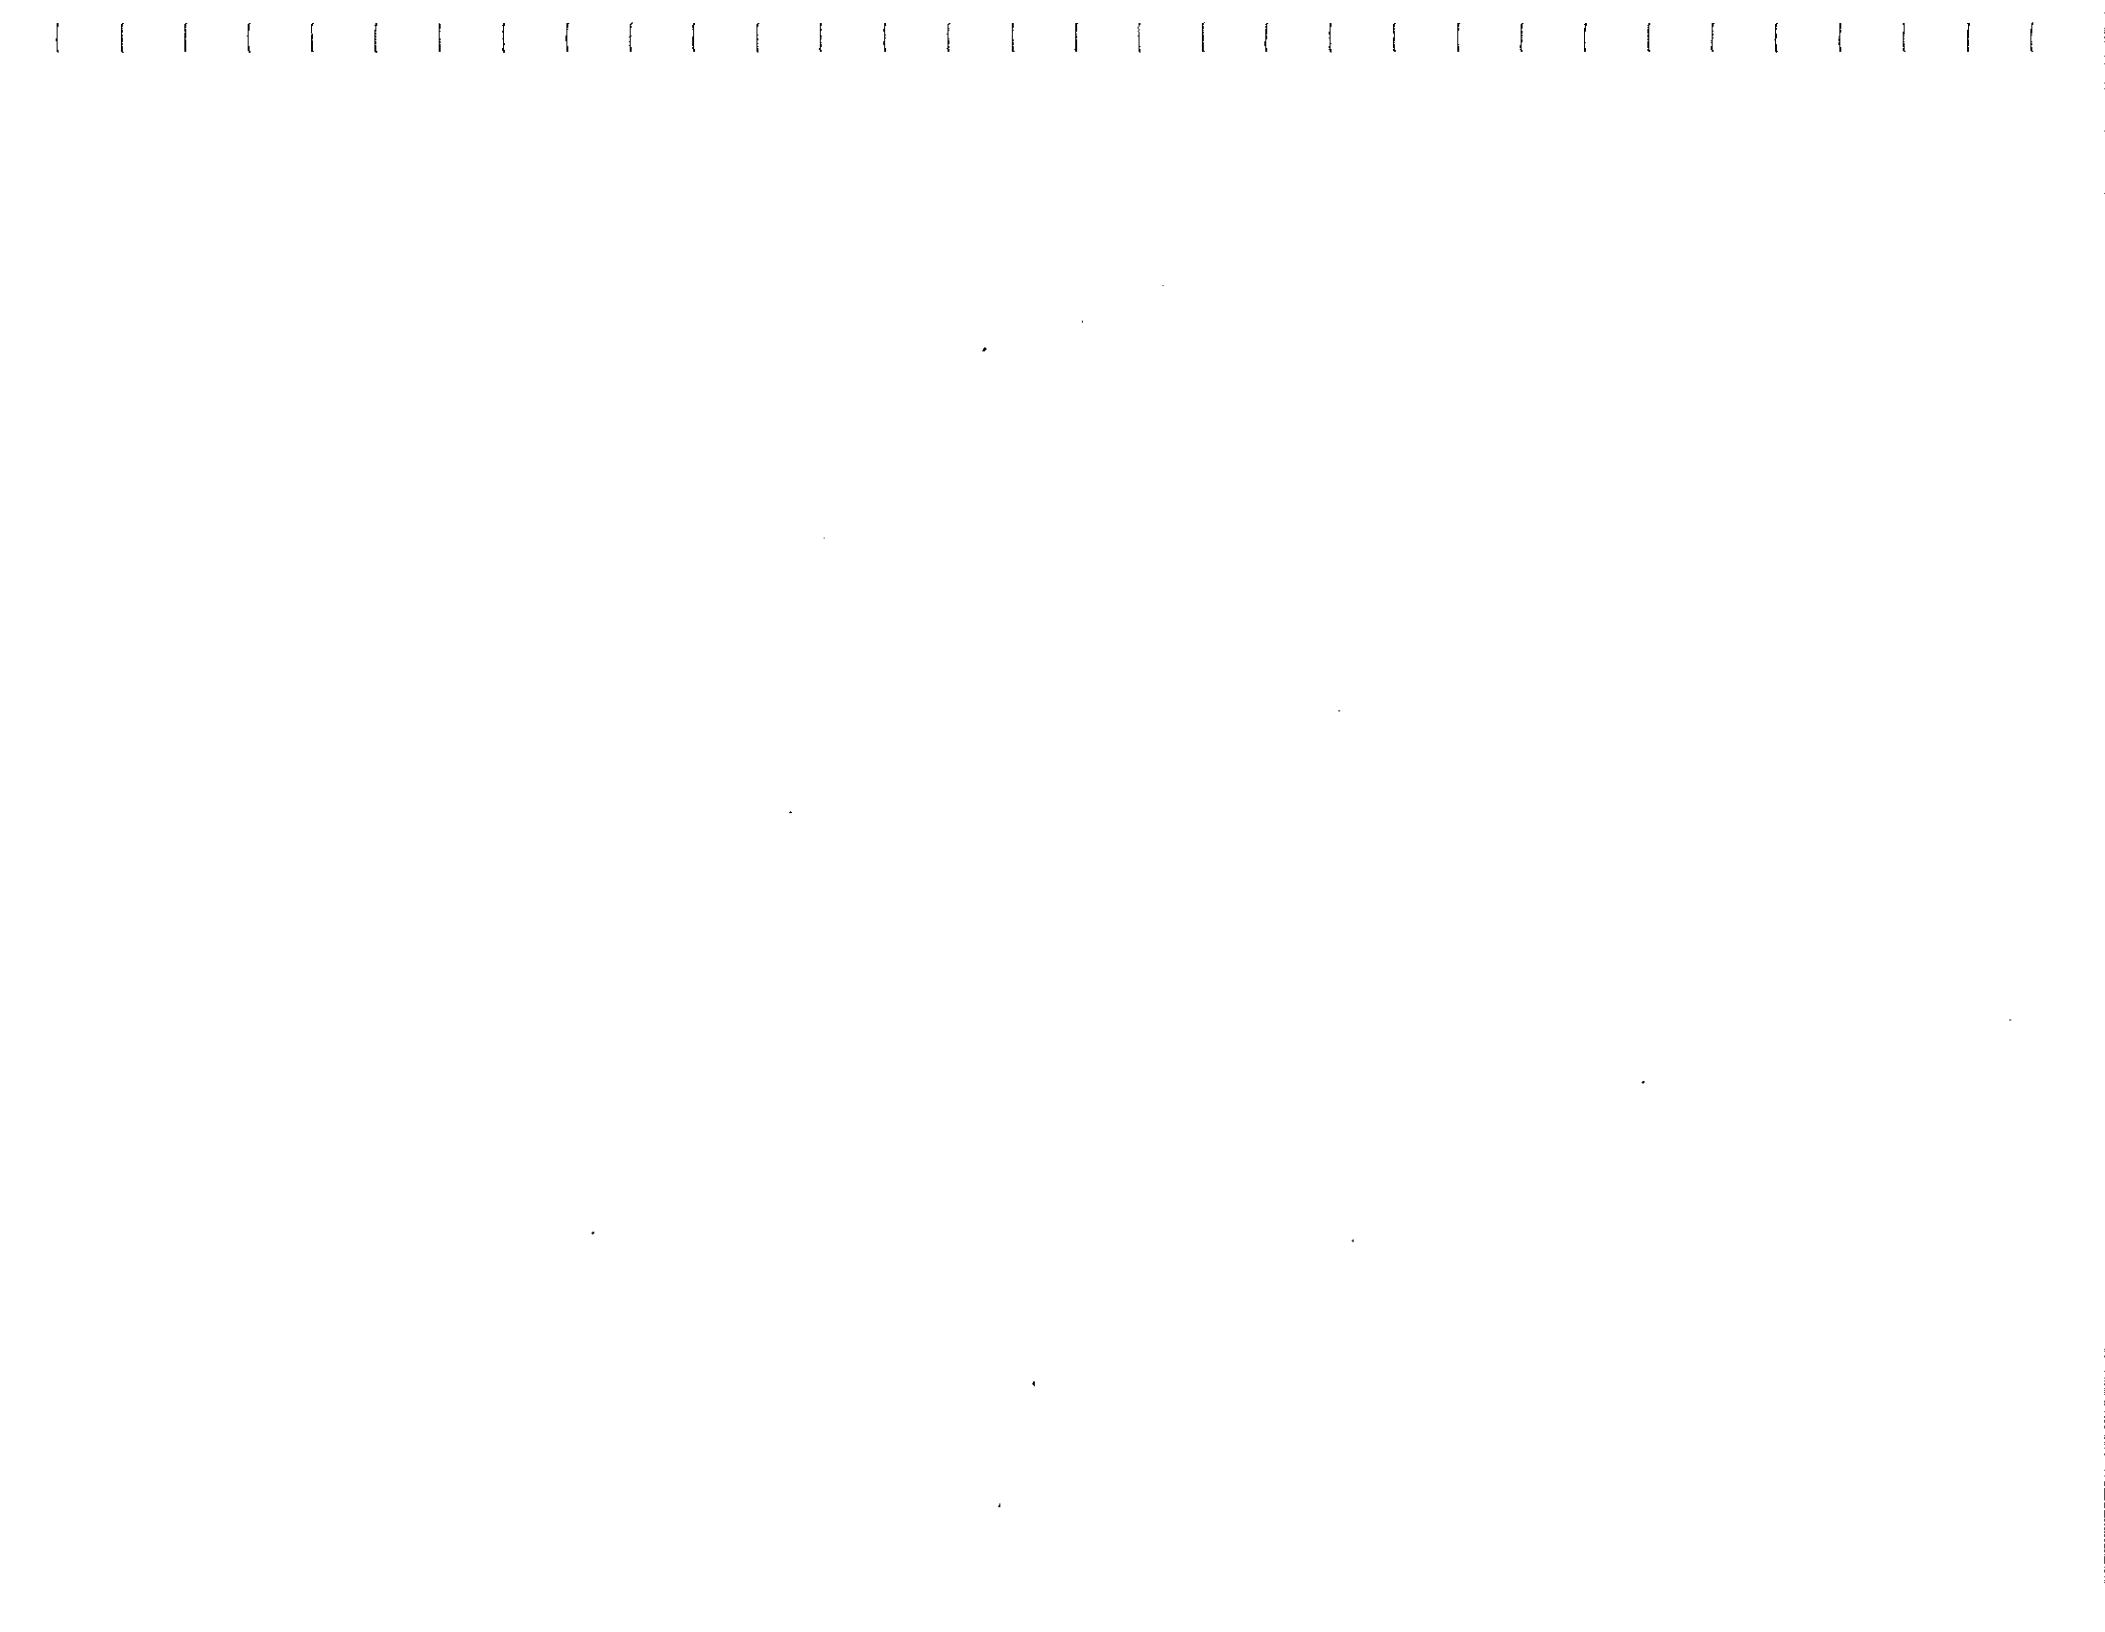

<u>Purpose</u>	<u>Date</u>	<u>Amount</u>
General Capital:		
Bonds and Notes:		
Construction of New Roof and Other Ground and Storm Water Drainage Improvements	May 15, 2003	\$333,325.00

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH
MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH
OMB CIRCULAR A-133 AND STATE OF NEW JERSEY CIRCULAR 98-07-OMB

The Honorable Mayor and
Members of the Township Council
Township of Pemberton
County of Burlington
Pemberton, New Jersey 08068

Compliance

We have audited the compliance of the Township of Pemberton, in the County of Burlington, State of New Jersey, with the types of compliance requirements described in the New Jersey State Grant Compliance Supplement that are applicable to each of its major state programs for the year ended December 31, 2002. The Township's major state programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major state programs is the responsibility of the Township's management. Our responsibility is to express an opinion on the Township's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey; OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations; and State of New Jersey Circular 98-07-OMB, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards, OMB Circular A-133, and State of New Jersey Circular 98-07-OMB, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the Township of Pemberton's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Township's compliance with those requirements.

In our opinion, Township of Pemberton complied, in all material respects, with the requirements referred to above that are applicable to each of its major state programs for the year ended December 31, 2002.

Internal Control Over Compliance

The management of the Township of Pemberton is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to state programs. In planning and performing our audit, we considered the Township's internal control over compliance with requirements that could have a direct and material effect on a major state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133 and State of New Jersey Circular 98-07-OMB.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major or state program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation.

This report is intended solely for the information and use of the management of the Township, the Division of Local Government Services, Department of Community Affairs, and federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully submitted,

TOWNSHIP OF PEMBERTON
Schedule of Findings and Questioned Costs
For the Year Ended December 31, 2002

Section 2-Schedule of Financial Statement Findings

— This section identifies the reportable conditions, material weaknesses, and instances of noncompliance related to the financial statements that are required to be reported in accordance with Government Auditing Standards and with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Finding No. 2002-1

Condition

— Donations were made to various civic organizations within the Township.

Criteria

— New Jersey Statutes are permissive in nature and since these types of expenditures are not specifically identified in the statutes, are not permitted to be made.

Effect

— Municipal funds are being expended without the required detail as required by N.J.S.A. 40A: 5-16.

Cause

— Township Officials were not aware of the requirement.

Recommendation

— That donations be made only to those organizations specifically identified in the statutes or proper supporting documentation be obtained prior to the expenditure of such funds.

Finding No. 2002-2

Condition

— The third party administrator of the Township's "Employee Health Benefits Self-Insurance Fund" has access to the bank account and is an authorized signatory on the account of which only one signature is required.

Criteria

— The document regarding "A Responsible Approach to Self-Insurance" issued by the Director of the Division of Local Government Services" identifies that that third parties should not have access to a local government's accounts, since this would represent a delegation of the Treasurer function and raise concerns with accountability. Additionally, checks may not be signed by both a local government official and the third party insurance administrator.

Effect

— Control over the Township's account is impeded.

Cause

— Township Officials were not aware of the requirement or potential accountability problems.

Recommendation

— That all checks, from the Township's "Employee Health Benefits Self-Insurance Fund" be signed by the Treasurer/Chief Financial Officer and other Township Official as so identified in the Township Ordinance.

Response

— Subsequent to the 2001 exit conference, new procedures were established and the condition has been corrected in January of 2003.

For the Year Ended December 31, 2002

Section 2- Schedule of Financial Statement Findings (Cont'd)

Finding No. 2002-3

Condition

Various receivables, inter-funds and reserves exist on the Balance Sheets of the various funds at year-end.

Criteria

Supporting detail should exist for all receivables and reserves that are disclosed on the accounting records. Additionally, the Division of Local Government Services requires that all inter-funds be liquidated as soon as practicable.

Effect

The accounting records of the Township are not reflective of its' true financial position.

Cause

The receivables and reserves were established in the past and no one is aware of their origin.

Recommendation

That the various receivables, inter-funds and reserves be investigated for proper disposition.
