

TRAFFIC ALERT: The Burlington County Highway Department will be repaving the length of Pointville Road (County Route 630) this week. During this repaving, only EASTBOUND traffic will be allowed (from Pemberton to Juliustown Road) will be allowed. Traffic seeking to travel westbound must use Pemberton-Browns Mills Road (County Route 530) from Browns Mills into Pemberton and Pemberton Borough.

This repaving is only expected to last one week (June 3rd through June 7th). We thank the community and motoring public in advance for their patience during this much needed improvement to our local roads.
